* The SureColor T-Series is designed exclusively for use with only genuine Epson-brand cartridges. Other brands of ink cartridges and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.
[1] Print speeds are based on the print engine speed only. Total throughput time for any print depends on workstation configuration, file size, print resolution, ink coverage, networking, etc. Actual print speeds will vary.
[2] Optional document scanner models DS-530, DS-7500, DS-70000 connect directly to the printer via a USB cable and are for 8.5" x 11" enlargements to poster size documents. Enlargement feature is only compatible with listed scanner models.
[3] Print times are based upon the start of printhead movement over the page to drop ink—Stop time based on printhead moving to the "park" position.
